Paddox

Design and Technology Vocabulary Progression Grid

Subject	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Design and Technology	absorbent, axle, chassis, clay, den, design criteria, dowel, durable, fabric, fixed axle, flexible, glass, material, metal, moving axle, opaque, passenger, permanent, plastic, shade, shelter, taxi, tarpaulin, temporary, transparent, vehicle,	appliqué, apex roof, arc, bar, beach hut, beef, bench hook, Binca, butt joint, chop, cladding, component, design criteria, designer, edible, embellishment, equipment, fabric, fixed pivot, frame structure, G clamp, grate, guide, ingredients, junior hacksaw, lamb, lever, linkage, machine, mash,	automaton, axle, bake, barbecue, biome, boil, butt joint, calcium, cam, carbohydrate, circular cam, cloche, cold frame, conservatory, cook well eat well, design criteria, diagonal strut, Eatwell Guide, follower, frame structure, fry, greenhouse, grill, heart cam, hot glue gun, lever, linkage, machine, mechanism,	appliqué, best before date, block printing, breathable, canning, chop, cling film, colour palette, compound machine, cotton, decay, denim, drying, durable, effort, fabric, first-class lever, food poisoning, force, freezing, friction, fulcrum, Gore-Tex, grate, healthy snack, hem, inclined plane, industry, lace, leather, lever, load, Lycra, mash,	actuator, architecture, balanced diet, boil, capital, carbon footprint, caryatids, column, compress, compressor, computer-aided design, Corinthian column, cornice, deflate, dice, Doric column, Eat the Seasons, entablature, fluting, food hygiene, force, frieze, grate,	abutment, additive, aqueduct, arch, arch bridge, beam, beam bridge, bias binding, blanket stitch, bridge, bunting, compression, concertina, coupon, darn, distort, engineer, fastening, flavouring, iron, knead, minimally-processed food, organic food,

	washer, wheel	mechanism, mixed diet, mitre joint, motif, moving pivot, mutton, needle, peel, pivot, pork, preserves, pulses, running stitch, sand, score, sequin, sewing pattern, slice, slider, slit, split pin, strengthen, stilts, textile, thread, triangular corner, vegan, vegetarian	microwave, mineral, nutrient, pear cam, plastic, protein, ratatouille, rigid, roast, rotation, simmer, slider, slow cooking, snail cam, stability, steam, strength, taco, translucent, transparent, triangular corner, vent, vitamin, wheel.	microorganism, natural fabric, net, nylon, packaging, pasteurising, peel, pickling, polyester, preservation, prototype, pulley, pyramid, refrigerating, rigidity, salting, score, screw, second-class lever, simple machine, slice, synthetic fabric, tear, Tetra Pak, third-class lever, Tupperware, use by date, versatile, wedge, wheel and axle, wool, woven	import, inflate, Ionic column, jack, lever, limestone, lintel, liquid, marble, nozzle, nutritional value, particle, pediment, peel, piston, plunger, pneumatic system, pneumatics, post and lintel, pressure, reservoir, sauté, seasonality, stability, steam, stiffness, support, syringe, system, valve	pasteurise, preservative, processed food, prove, ration book, rationing, recycle, running stitch, shelf life, span, steel, support pier, suspension bridge, tacking stitch, tension, truss, truss bridge, ultra-processed food, unprocessed food, utility, whip stitch, whole food, yeast
